

what are the odds?

A GOSPEL-CENTERED ILLUSION EXPERIENCE BY CALEB HYATT

An unforgettable outreach event that entertains, engages, and points people to Jesus.

“What are the odds of you spending eternity in heaven?”

That question is at the heart of “What Are the Odds?”, a powerful 75-minute illusion experience designed to capture attention, create unforgettable moments, and share the hope of the Gospel.

Through impossible illusions, audience participation, and a message rooted in Scripture, Caleb Hyatt uses the art of magic to open hearts and communicate the incredible truth of God’s plan for salvation.

This is not simply a magic show. It is an outreach opportunity designed to help churches invite their communities into an experience they will remember long after the finale.

A NOTE FROM CALEB

I began practicing mentalism and sleight of hand in high school and learned very quickly that it can be a powerful way to capture someone’s attention. After attending a church sermon that focused on the idea of using your gifts and talents for God, I left the altar to immediately create a Gospel show that points people to Jesus. This show is a culmination of several years worth of practice, advice, scripting, and prayer. If my show can be used to win even a single soul for Jesus, then the 14+ years of practice will be worth it all.
